

DEPARTMENT OF THE ARMY
SEATTLE DISTRICT, CORPS OF ENGINEERS
1519 ALASKAN WAY SOUTH
SEATTLE, WASHINGTON 98134

Commissioner of Public Lands
ENGINEERING DEPT.

NPSOP-RF

21 April 1972

PUBLIC NOTICE

Reference: 071-OYB-1-000371
Bremerton, City of

Application has been received by this office from the City of Bremerton, 239 Fourth St., Bremerton, Washington 98310 (ATTN: Mr. George Moe; Telephone (206) ES 3-1411, Ext. 75), for Department of the Army permit for certain work described below and shown on the inclosed prints.

Proposed Work

a. Location: In Port Washington Narrows at West Bremerton, Kitsap County, Washington.

b. Physical character: Install approximately 4000 feet of 6-inch diameter cast iron pipe in trench and construct two pump stations, each with wet well. Excavation of 5000 cubic yards to be used as backfill or disposed of on upland site.

A chemical analysis of the dredged material to be used as backfill, as well as other information required to determine the material's effect on receiving water, will be required unless this requirement is waived by the Environmental Protection Agency.

c. Purpose (as explained by the applicant): Sanitary sewage collection system (no discharge),

Interested parties are requested to submit, in writing, any comments or objections that they may have to the proposed work. The decision as to whether a permit will be issued will be based on an evaluation of the impact of the proposed work on the public interest. Factors affecting the public interest include, but are not limited to, navigation, fish and wildlife, water quality, economics, conservation, aesthetics, recreation, water supply, flood damage prevention, ecosystems, and, in general, the needs and welfare of the people.

Comments on these factors will be accepted and made part of the record and will be considered in determining whether it would be in the best public interest to grant a permit. Comments should refer to the
